

Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2024 to 2025 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Part A: Pupil premium strategy plan

Statement of intent

At Cheadle Catholic Infant School we target the use of Pupil Premium Grant funding to ensure that our disadvantaged pupils receive the highest quality of education to prepare them academically, socially, morally, and spiritually for a lifelong learning journey.

We intend for all our pupils from a disadvantaged background to leave CCIS as confident individuals who are ready for Key Stage 2 education. They will read fluently and widely, forming opinions on books and authors. They will write fluently with expression and will solve mathematical problems accurately.

We aim to:

- Remove barriers to learning created by poverty, family circumstance and background*
- Narrow the attainment gaps between disadvantaged pupils and their non-disadvantaged counterparts both within school and nationally*
- Focus on developing the pupils' reading skills so that they can access the curriculum provided.*
- Develop confidence in their ability to communicate effectively in a wide range of contexts*
- Enable pupils to look after their social and emotional wellbeing and to develop resilience.*
- Access a wide range of extra-curricular opportunities to develop their knowledge and understanding of the world*

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Low prior attainment
2	Oral language skills in Nursery and Reception. This can affect and slow reading and writing progress in subsequent years.
3	Reduced access to texts for reading for pleasure
4	Low self-esteem/self-confidence/resilience/ anxiety
5	Support for parents
6	Limited enrichment opportunities

7	Attendance & punctuality. Regular punctual attendance is a challenge for a small minority of our PP pupils. Persistent absence to be reduced to below 1% and for attendance to be in line with all pupils.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
1. To accelerate the progress of PP children in Reading, Writing and Maths	Progress of PP children is at least in-line with non-PP children
2. Improve oral language skills for pupils eligible for PP in Nursery and Reception.	PP children in Nursery & Reception make expected + progress by end of Reception so that all meet age related expectations.
3. To develop pupils fluency in reading, including those most disadvantaged	Confident fluent reading of age related texts
4. To enhance children's resilience, independence and self-esteem	Improved engagement and participation in activities.
5. To ensure the families of PP children are able to access parenting support	Confident parents. Parents understand how to support their children to become happy & successful learners.
6. To enhance equality of opportunity for enrichment activities	PP children all accessing trips/visits and being given wider curriculum opportunities. 100% attendance on all school trips.
7. For all PP pupils to attend school regularly and on time. PA below 1% and attendance in line with all pupils	There will be a consistently sharp focus by teachers on the attendance and punctuality of PP pupils.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching

<p><i>-Daily whole class reading</i> <i>-Daily differentiated phonics</i></p> <ul style="list-style-type: none"> • <i>Book purchase £200</i> • <i>Read, Write, Inc resources & training</i> • <i>Staff INSET</i> • <i>Training</i> • <i>Subject Leader Release</i> • <i>Access to library texts</i> • <i>PP Leader 3 days per year release to monitor progress of PP spend and PP children. £507</i> 	<p>EEF Toolkit and evidence of best practice- Phonics (Average impact + 5 months)</p> <p>Phonics approaches have been consistently found to be effective in supporting younger pupils to master the basics of reading, with an average impact of an additional five months' progress. Research suggests that phonics is particularly beneficial for younger learners (4–7 year olds) as they begin to read.</p> <p>It is possible that some disadvantaged pupils may not develop phonological awareness at the same rate as other pupils, having been exposed to fewer words spoken and books read in the home. Targeted phonics interventions may therefore improve decoding skills more quickly for pupils who have experienced these barriers to learning.</p>	1, 2 & 3
<p><i>-Well Comm (SALT) assessment & daily interventions for EYFS pupils</i></p>	<p>EEF Toolkit The average impact of oral language interventions is approximately an additional six months' progress over the course of a year.
